Guidance for Determining Administrative Costs

As determined by EPA/CBPO, the following provides guidance in determining administrative costs for grants/cooperative agreements under Section 117 of the Clean Water Act.

1. Administrative Costs

Salaries and fringe benefits charged against the project or program element for the sole purpose of administering the grant/cooperative agreements shall not exceed 10% of the annual Federal grant. One hundred percent of the salaries and fringe benefits related to these functions are considered administrative costs. Examples of administrative costs, include but are not limited to:

States must complete the attached Chesapeake Bay Administrative Cap Worksheet or a form containing similar information and submit to EPA with the Application for Federal Assistance (SF424) and with their annual Financial Status Report (SF269 and SF269A).
